

We love what we make
Compressor valves
Since 1946

THE REAL EXPERIENCE OF CAPACITY CONTROL

The benefits for your reciprocating compressor:

- ✓ Eletromechanical Actuator
- ✓ High dynamic performances
- ✓ Easy installation and maintenance
- ✓ Only electrical connections are needed
- ✓ Maximum system adaptability to the process requirements
- ✓ Wide capacity control range (from 10% to 100%)
- ✓ Independent control for each actuator
- ✓ Synchronized acting with the compressor cycle
- ✓ Remote monitoring

Save Energy • Save Money • Save Time
